# What is GitOps?

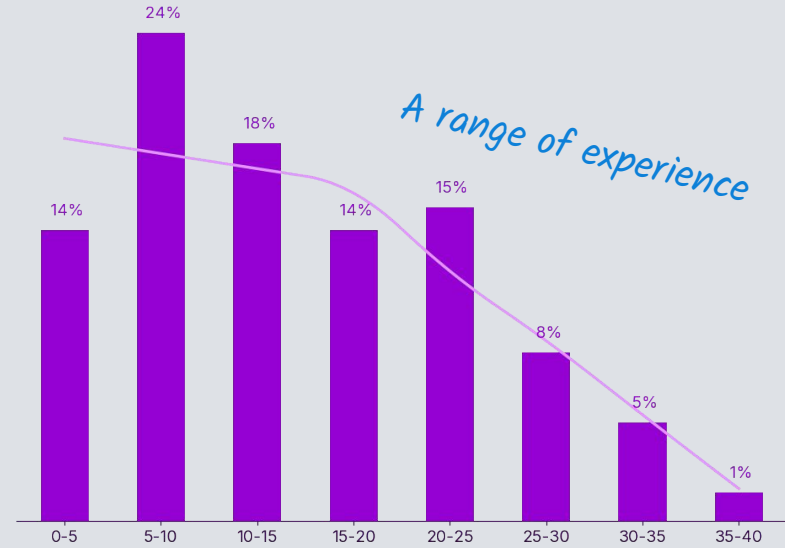

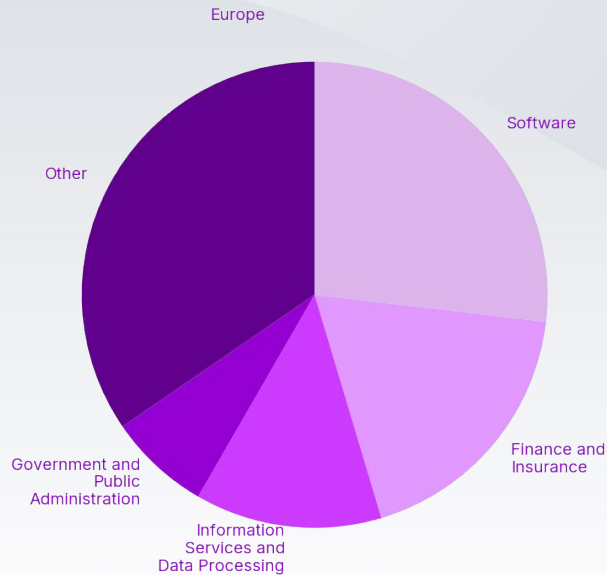

# 660 responses

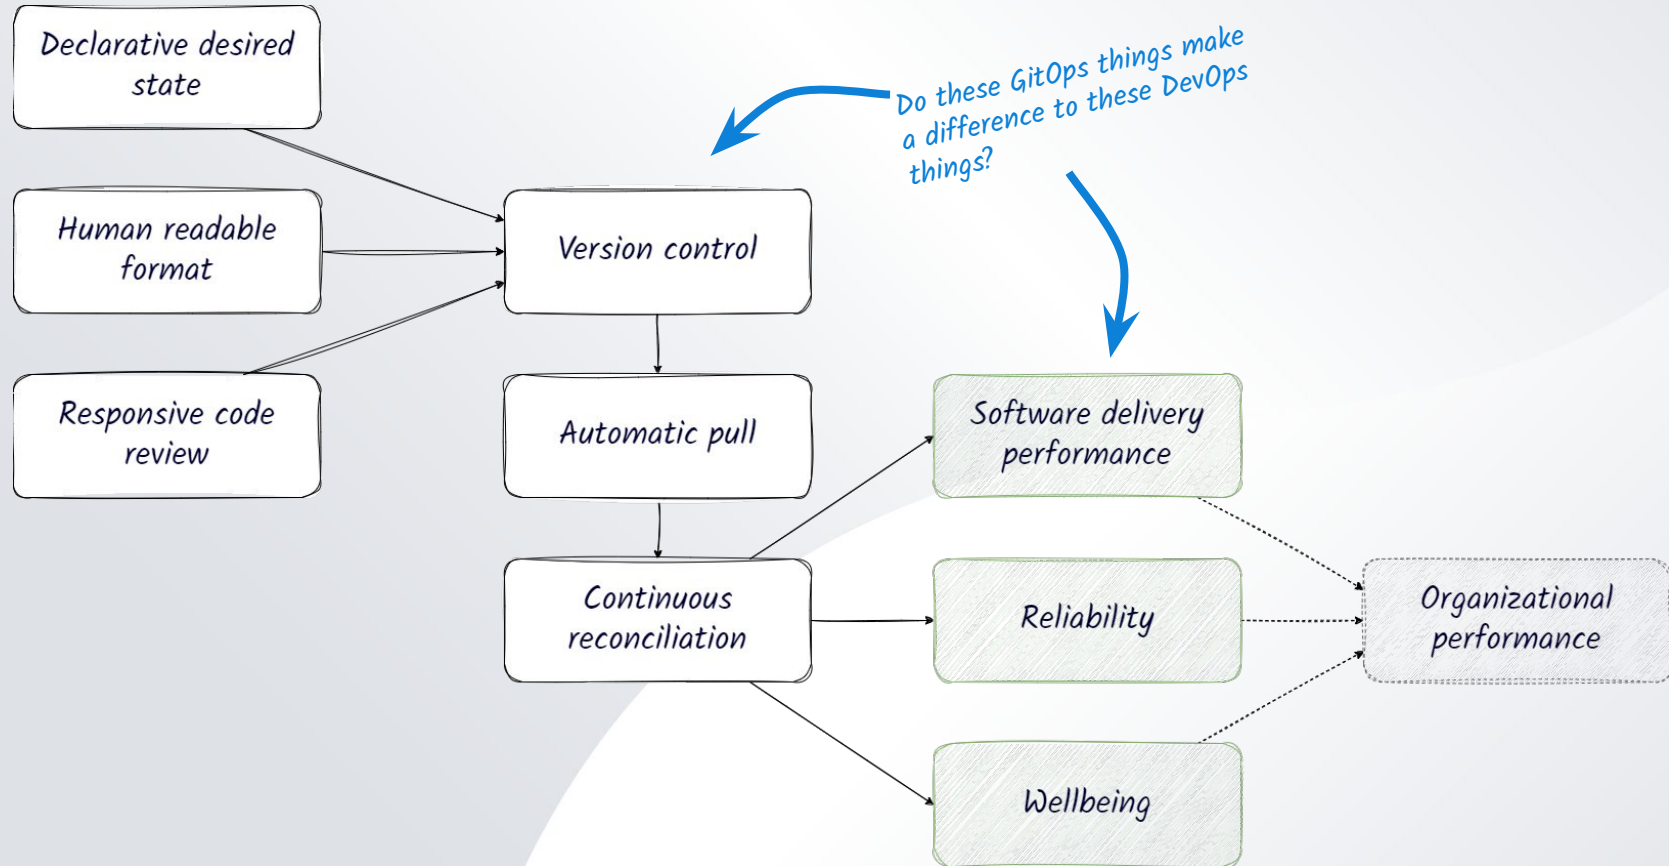

*Global responses*

*22 industries*

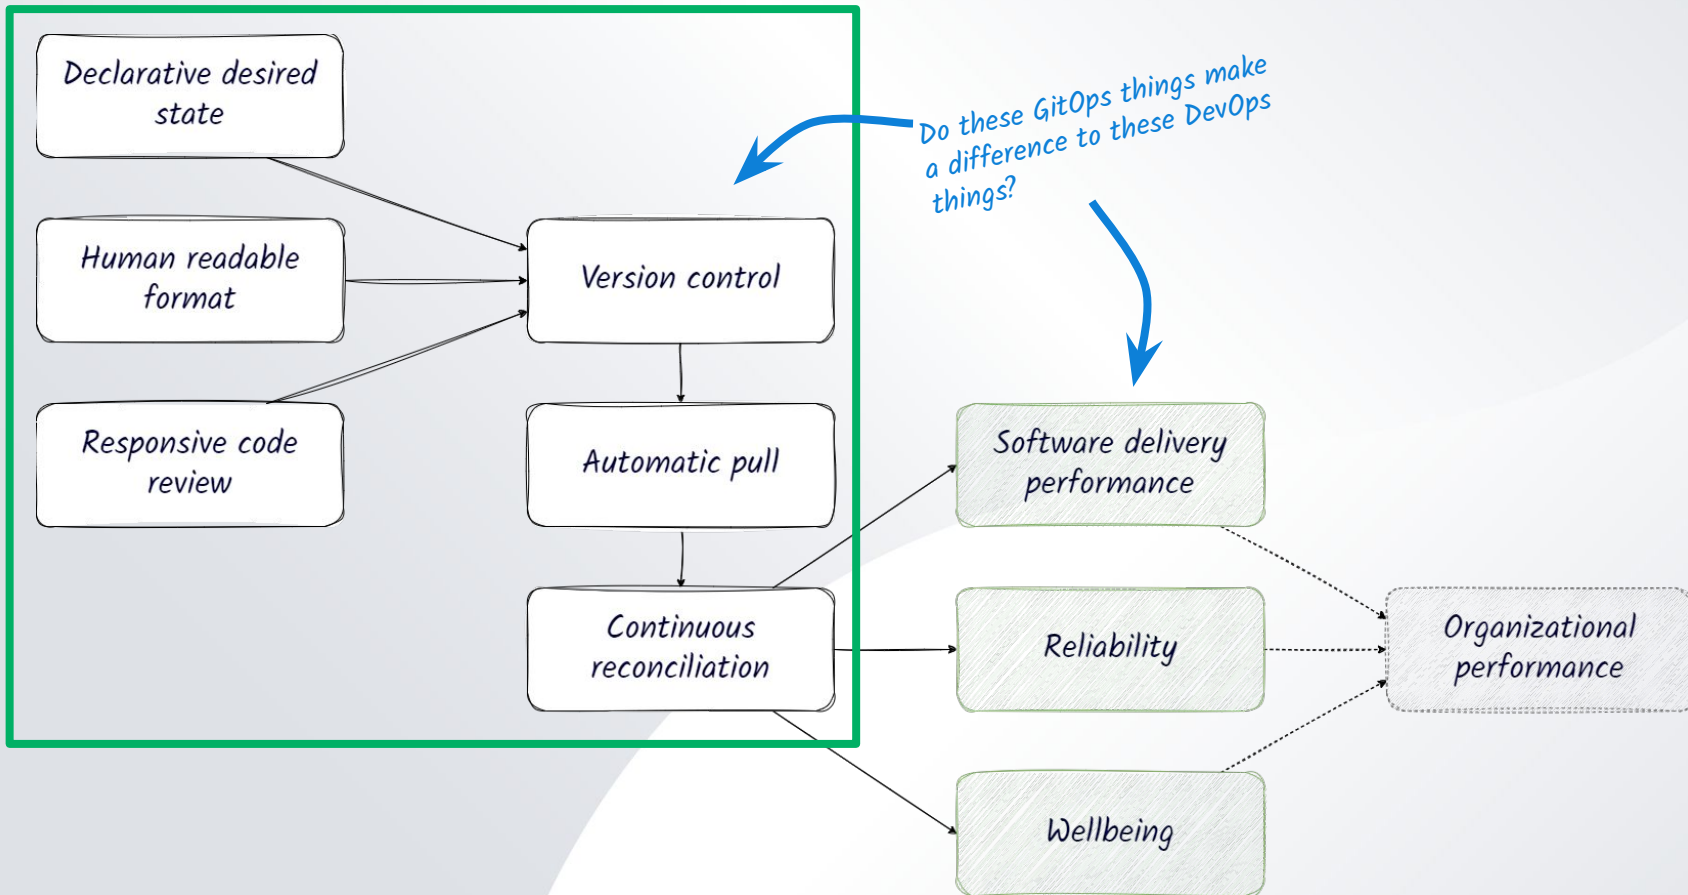

# The GitOps model

## GitOps score

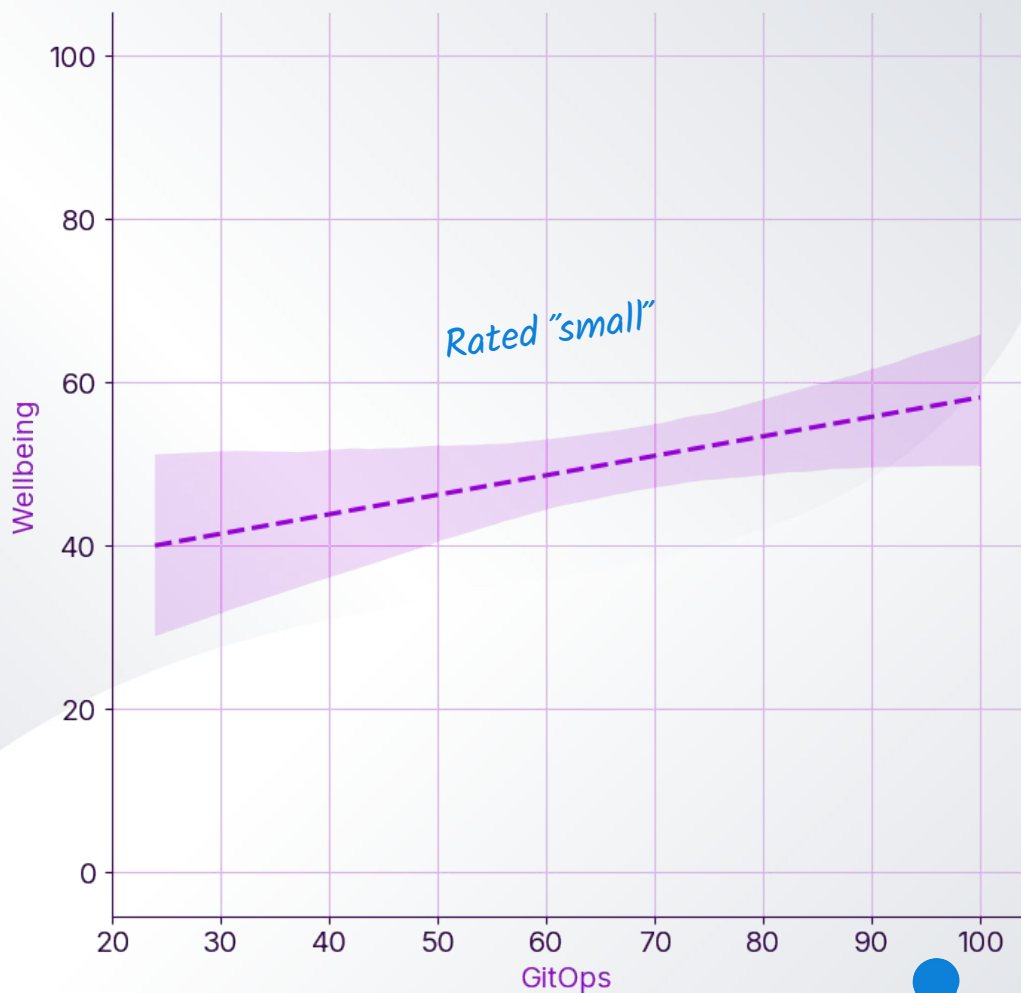

# Scoring GitOps

# GitOps and wellbeing

GitOps scores and wellbeing scores increase together.

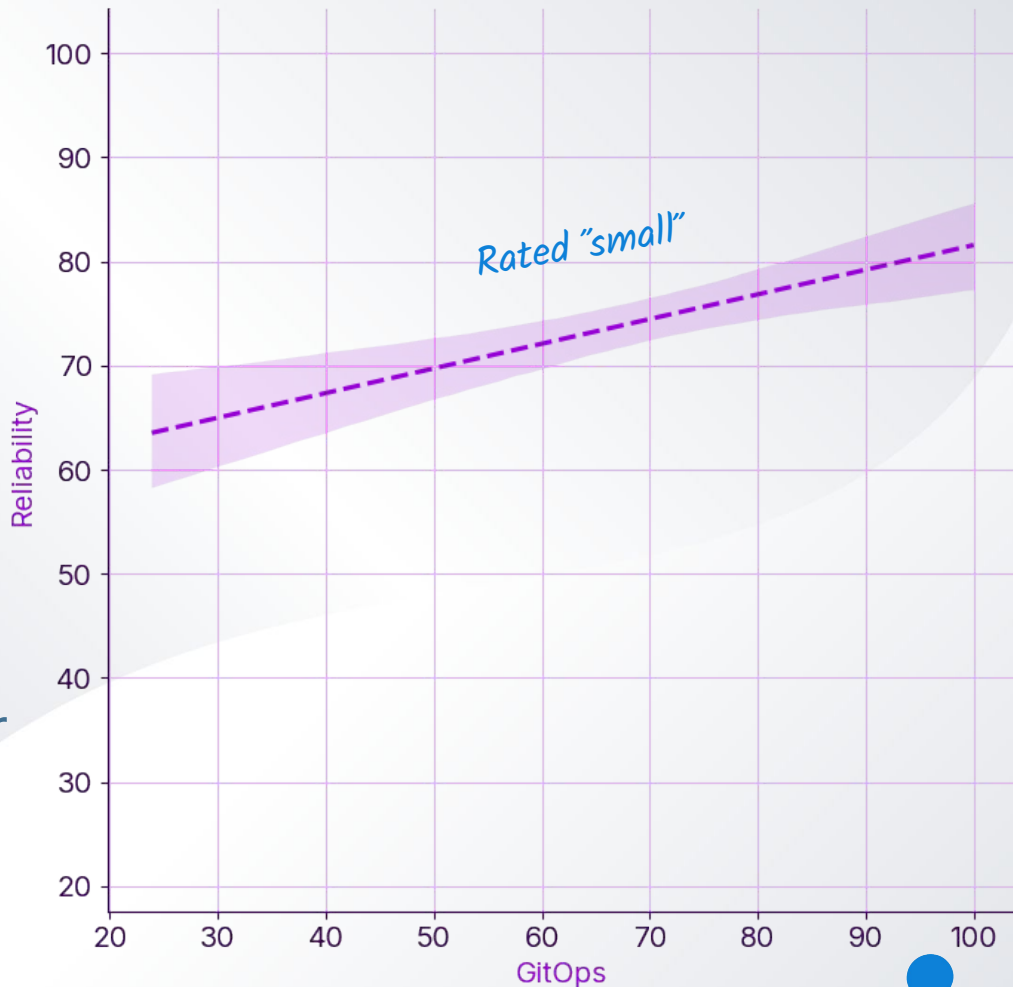

Wellbeing is calculated across 7 questions on feelings towards work. Scores were cross checked with question on overall job satisfaction.

# GitOps and reliability

GitOps scores and reliability scores increase together.

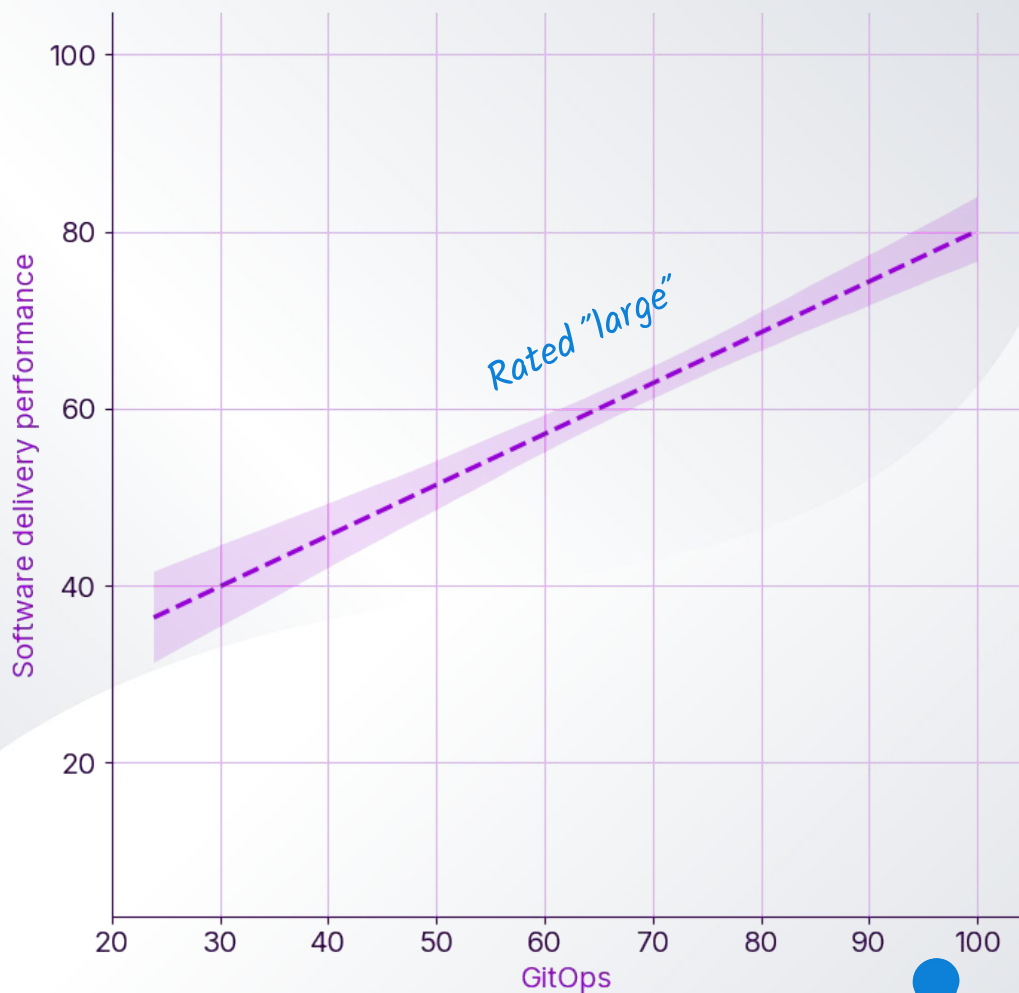

Reliability is calculated across 4 questions relating to performance, availability, meeting service targets, and user satisfaction.

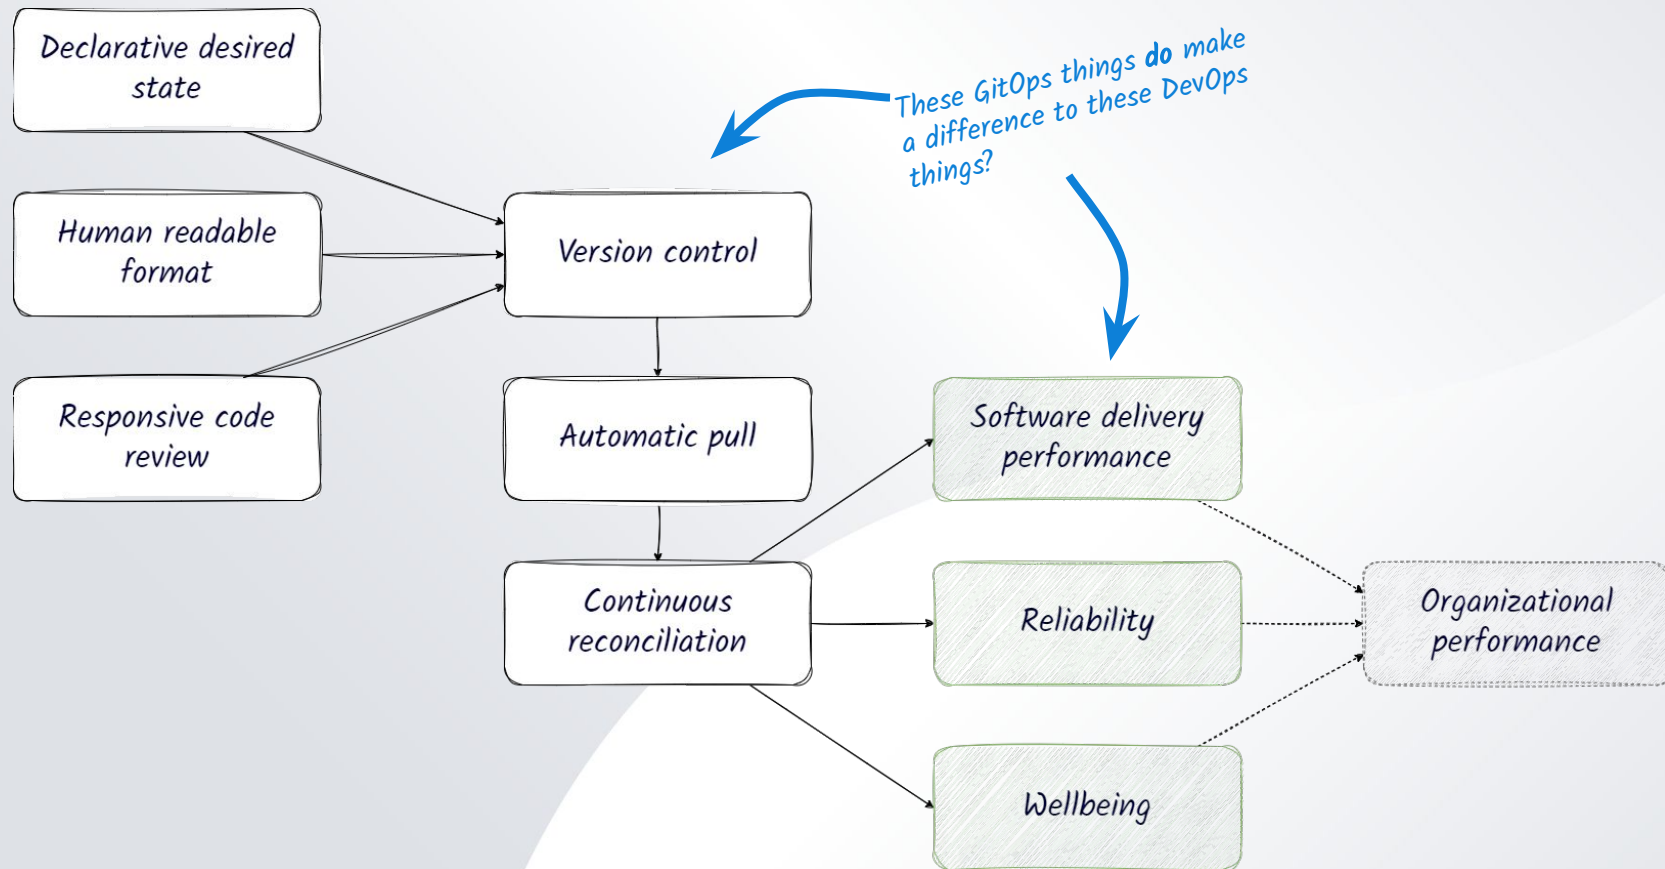

## GitOps and DORA's 4 keys

GitOps scores and DORA scores increase together.

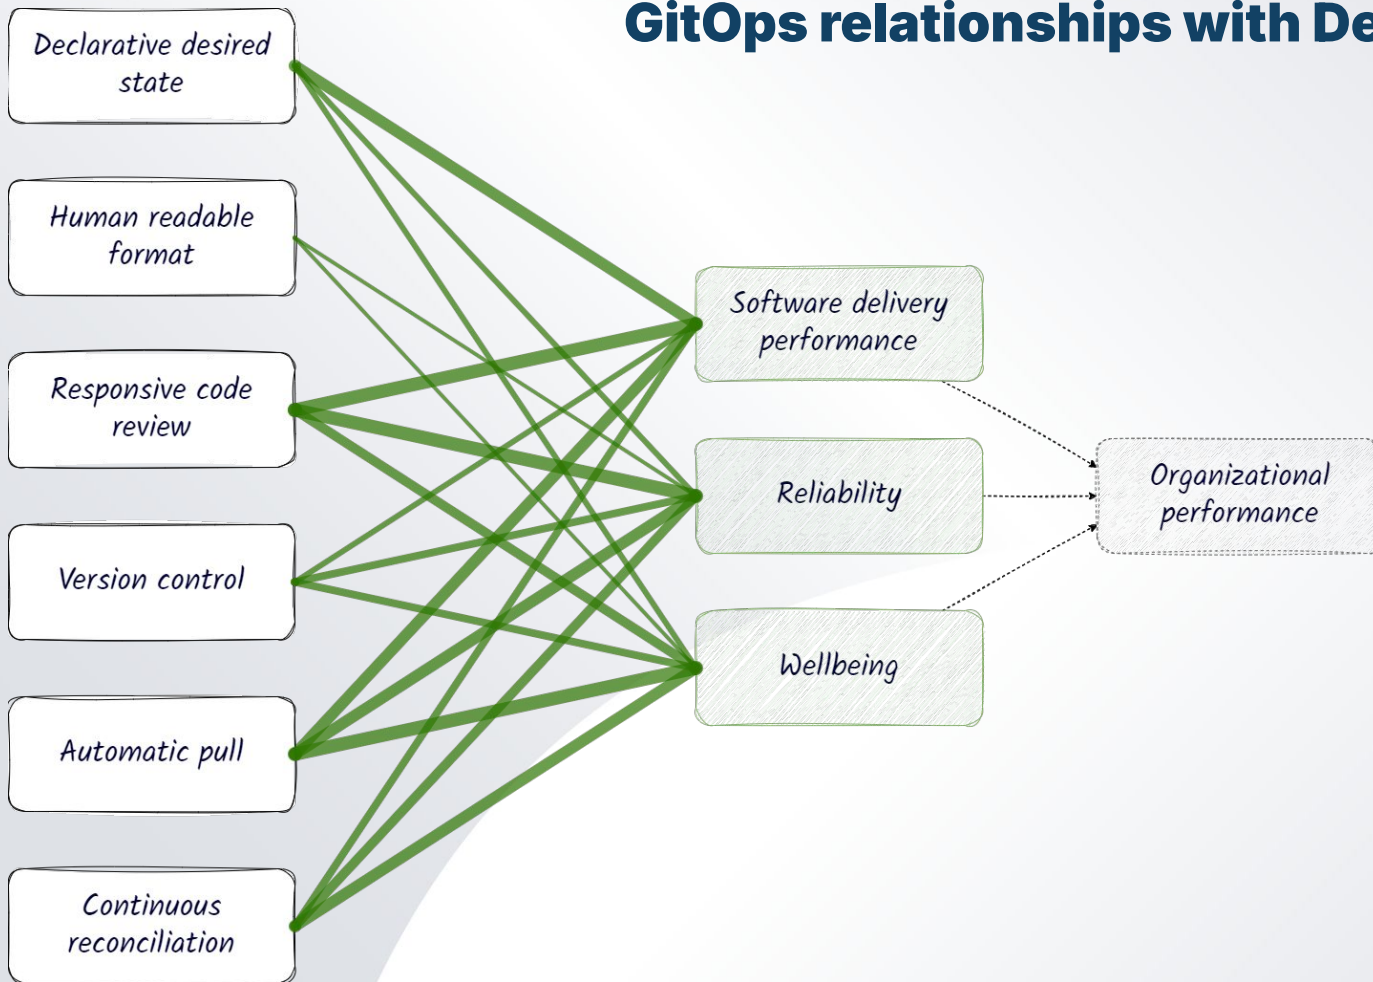

DORA scores are calculated on 4 metrics representing throughput and stability.

# GitOps ❤️ DevOps

# GitOps relationships with DevOps

## GitOps benefits

81%

GitOps  
is more auditable

78%

GitOps prevents  
configuration drift

68%

Compliance and audits  
are easier

66%

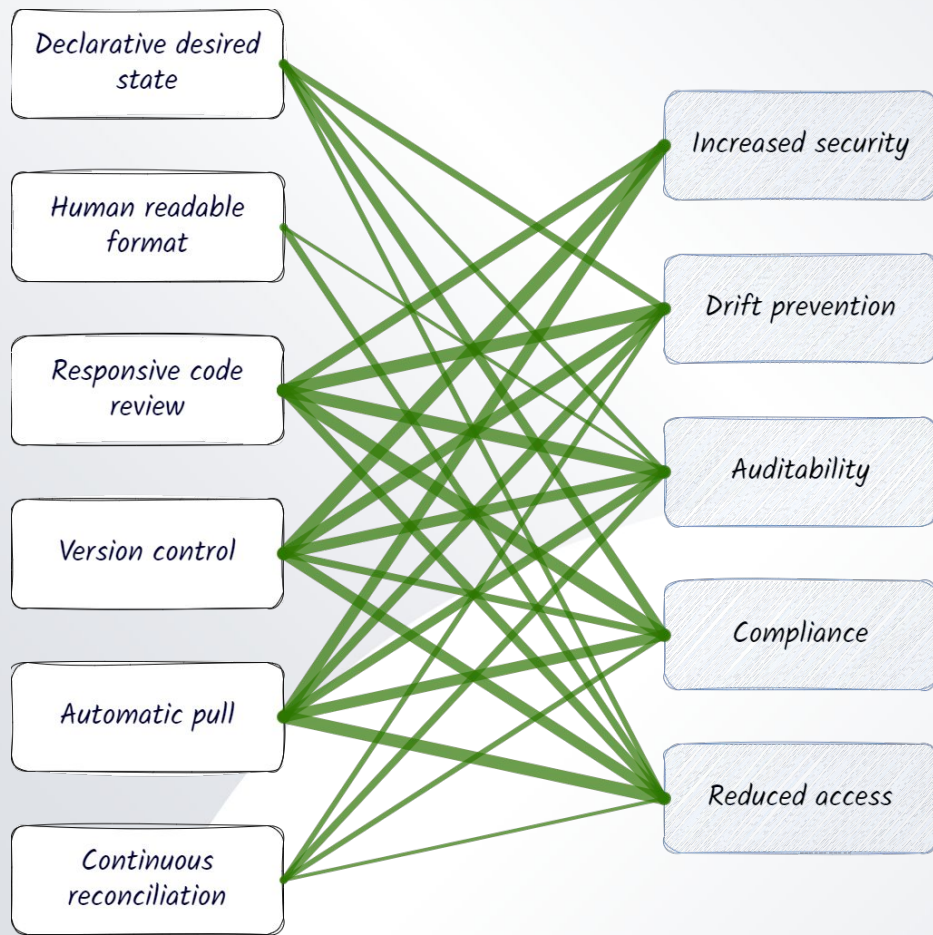

Fewer people need  
elevated access

63%

GitOps increases  
security

# GitOps relationships with benefits

## Future GitOps plans

**68%**

Plan to use  
GitOps more

**25%**

Plan to stay  
where they are  
with GitOps

**7%**

Plan to reduce or  
stop GitOps

# Thank you

## Premium prizes

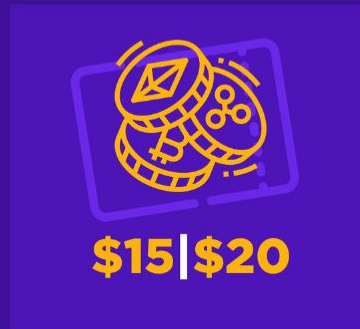

# Licenses, accessories & swag

New prize!

# Exclusive community prizes

*“The questions were insightful.  
I found myself thinking why  
my organization has selected  
certain tools and not others,  
questioning our very  
foundation as a company”*

*“They have made me  
rethink many aspects of my  
day-to-day work, especially  
related to AI”*

## Who we're supporting

freeCodeCamp (🔥)

“freeCodeCamp is a proven path to your first software developer job.”

charity: water

“1 in 10 people lack access to clean water. We're on a mission to change that.”

“Open Sourcing Mental Illness (OSMI) is a nonprofit dedicated to raising awareness and providing resources for mental health in the tech community.”
